POINTE AUX BICHES
HOTEL MAURITIUS

Welcome to Sandy Lane Village.

Veranda Pointe aux Biches invites you to live out a new experience at Sandy Lane Village... a new wing, more intimate, ideal for couples, and yet at the heart of this family friendly establishment. Concealed from the crowds, there is a bar, a restaurant for grill and sea food

specialities, and a swimming pool lined in emerald green slate... A wonderful ambiance, beautifully designed, pure uncluttered lines, with calming natural colours, where natural materials and sand mingle in perfect harmony.

At the table ...

The Veranda Coin de Mire is revising its lunch menu in March. Lovers of good food will be delighted to discover a new choice of dishes full of typical Mauritian flavours, with our special blends of spices, fresh local produce and made from traditional recipes. For those looking for

something less exotic, there will also be a choice of European dishes to please all palates. And we haven't forgotten those just wanting something small and quick, as there will also be a menu of quick dishes and salads, with flavours from here as well as further afield.

Seven Colours transforms temptation into virtue !

To celebrate **Chocolate Week at The Heritage from 17 to 24 March.**

Cocoa has some wonderful qualities that are often overlooked.

It can stir our emotions, and so that is why Seven Colours Spa, which is focussed on stimulating your senses and rebalancing your energies,

has devised a very special ritual for the occasion. Make your appointment for masks, body wraps and massages all containing... chocolate !

Blue Earth boutique revamped:

Each of our hotels has a Blue Earth boutique, a brand which we invented and developed. However, although the brand is shared by all, each boutique has its own specific personality.

And so it is that the boutique

at Veranda Grand Baie which has just been enlarged and revamped, has been restyled with traditional corrugated iron roof and veranda cut-outs recalling the nostalgic rustic days of the typical Mauritian colonial market stall !

Treat yourself on the beach!

On the beach overlooking the splendid Belle Mare lagoon and under a pavilion shimmering in candle light, treat yourself to a delicious barbecue at Veranda Palmar Beach.

Enjoy a Champagne aperitif with your feet in the water and a seafood menu with exquisite lobster flambé all prepared in front of you to the accompaniment of a trio of musicians ! Don't leave before you have spoiled yourself with a digestif... a little vanilla rum, and to top it all off, a café créole flambé !

The most romantic treatment in the most romantic of hotels !

Seven Colours Spa adorns itself in its finest attire to welcome and enchant couples in love... Atmospheric fragrances perfume the air, petals of exotic flowers are strewn around, filtered light, the décor... all combined to pamper you during "Massage Romantique ritual treatment" for two, bathed in the colours of love.

With its two treatment rooms for couples, the Seven Colours Spa at Veranda Paul & Virginie enjoys unparalleled success all year round.
